04. TRANSPARENCY SECTION

TRANSPARENCY

Know What You Wear.

Beautiful jewellery should come with clear information. From materials and product details to pricing, care and policies, Vylore is committed to helping you make an informed choice.

01 — PURITY

Clearly state the actual metal purity and material used for each product. If applicable, use “925 Sterling Silver” only when verified.

02 — CRAFTSMANSHIP

Every piece is carefully reviewed for proportion, detailing, finish and overall presentation before it reaches you.

03 — TRANSPARENT PRICING

Clear product pricing and straightforward information, with no unnecessary surprises at checkout.

04 — PRODUCT DETAILS

Show material, dimensions, weight, stone details, finish and care instructions where applicable.

05 — CUSTOMER COMMITMENT

Thoughtful service, clear communication and support throughout your Vylore experience.

06. MATERIAL & CRAFTSMANSHIP

THE DETAILS MATTER

Made With Intention.

We believe the beauty of jewellery lies in both what you see and what you discover up close. Every detail is considered to create pieces that feel refined, distinctive and made for everyday wear.

01 — STERLING SILVER

Use the verified material and purity here. Example: "925 sterling silver selected for its durability, shine and timeless character."

02 — THOUGHTFUL DESIGN

Balanced proportions and considered silhouettes designed to feel contemporary without becoming disposable.

03 — HAND-FINISHED

Carefully finished surfaces and details give each design its distinctive character.

04 — CUBIC ZIRCONIA

Where applicable, describe cubic zirconia accurately, including its role and placement in the design.

05 — REFINED FINISH

Polished surfaces and precise detailing create a finish with a quietly refined character.

06 — MADE FOR EVERYDAY

Designed to be worn, styled and returned to season after season, with care appropriate to the product.

07. BRAND STATEMENT

Wear What Feels Like You.

Not made to follow every trend. Made to become part of your story.

08. CUSTOMER VOICES

IN THEIR WORDS

The Vylore Experience.

Jewellery is personal. So is the experience of finding the right piece.

Use genuine customer reviews only. Where available, show the purchased product, rating and verified-purchase status.

09. FAQ / AEO SECTION

FAQ

18. SEO / AEO / GEO IMPLEMENTATION CHECKLIST

AREA	RECOMMENDATION
Homepage	One clear H1 containing the primary category term; natural category links; brand story; material and trust information.
Category pages	Create indexable pages for Rings, Necklaces, Earrings, Bracelets, Anklets, Ear Cuffs and Silver Jewellery where comm
Product pages	Descriptive product names, unique descriptions, material/purity, stone, dimensions, care, availability, price and shipping
Structured data	Use appropriate Product, Organization, BreadcrumbList and WebSite structured data. Use FAQ markup only where elig
Internal linking	Homepage → category → product, plus relevant Jewellery Care, Shipping and FAQ pages.
Images	Use accurate descriptive filenames and alt text; do not claim 925 sterling silver unless the product is actually 925 sterlin
Trust	Use genuine reviews, clear contact information, shipping/returns policies and transparent product details.

AREA	RECOMMENDATION
GEO / AI visibility	Keep brand/entity information consistent and provide direct factual answers and verified service/location information.
Avoid keyword stuffing	Preserve Vylore's refined voice. Keywords should clarify products rather than dominate the copy.

SEO NOTE: Google generally does not use the old HTML meta keywords tag for ranking. Prioritize the title, meta description, H1, useful page content, category/product pages, internal linking and appropriate structured data.
